NX Exclusive Technology

► **Medium sized mesh**
NX is a performing solution that allows to produce net wraps with reinforced and thicker threads.

► **Thicker & Stronger chains**
Novatex NX mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The NX Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex NX net wraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aids the natural movement of the weft, leaving it free to stretch in width.

Winner Nova: a new generation of round baler net wraps. A net wrap that revolutionises the relationship between man and his work, achieving a balance never experienced before.

Winner Nova is the sum of all the best features of a premium net wrap, to retain, hold, and protect forage until it's needed, snag-free and easy to remove when ready to feed out the bale.

The new bright colors have also been designed to guarantee optimal visibility on the bale, both for light and dark colored crops.

Thanks to the NX Technology, Winner Nova significantly improves round baler performance.

Winner Nova is your worry-free solution to a well-made bale.

Width: 123 | Length: 2850 m - 3850 m

Length	2850 m	3850 m
Width	123 cm	123 cm
